3rd Series of Auto Gymkhana

Anjasara Wahyu Sets 3 wins in a row

2019 Suzuki Club Jamboree

TTI clocked the Fastest Lap in the 3rd series of Auto Gymkhana

The 3rd series of the 2019 MLD SPOT Auto Gymkhana witnessed the impressive ability of Toyota Team Indonesia (TTI) which successfully clocked as the fastest lap in National F or Modification category.

Behind the win was Anjasara Wahyu of TTI who dominated this series, held at the non-permanent circuit Tegal square, Central Java, on Sept. 7. Anjasara managed to reach podium for both F Modification and A3 categories.

Anjasara's success was accomplished through a solid team work shown by TTI. The collaboration between the team manager, Dimitri Fitra Ditama, and senior mechanic, Wie

Riyanto, plays a big role in tuning the perfect setting for the cars used by four racers.

GT Radial Research and Development (RnD) team also plays an important role in TTI's success as in the tire setting of both GT Radial CHAMPIRO SX2 and CHAMPIRO GTX PRO patterns used in the race. The combination of the two tires produced by PT Gajah Tunggal has the advantages of excellent control and traction which shorten the braking distance.

Developed by using Nano Silica Technology, the performance & quality of the tires proved by bringing TTI to the champion in the National F and A3 (1,200 cc) categories.

GT Radial Supports 2019 Suzuki Club Jamboree

Around 6,000 participants from 14 different car communities joined the 2019 Suzuki Club Jamboree at the Purna Bhakti Pertiwi Museum in Taman Mini Indonesia Indah (TMII), East Jakarta, on Sept. 28.

The 2019 Jamboree has several activities which included gathering, car expo, official inauguration of the 14th member of Suzuki Club Suzuki Club Carry Indonesia (SCCI) and launching of Suzuki Club Reaksi Cepat (SCRC). Asides of that, other activities such as workshop, car modification contest and aftersales (spare part) service were also organized at the event.

The event was the first ever held by Suzuki aim to strengthen the relationship with the car communities. Suzuki also involved tire brand GT Radial at the event as the only official tire sponsor. GT Radial often collaborated with other different car communities in Indonesia.

GT Radial participation at the event showed commitments in supporting positive action done by car manufacturer and car communities in Indonesia.
