GT RADIAL JOINS GIIAS 2025 WITH EXCITING NEW LAUNCHES

PT Gajah Tunggal Tbk made a strong return to the 32nd Gaikindo Indonesia International Auto Show (GIIAS) 2025, held from July 24 to August 3 at ICE BSD City, Tangerang. Aligned with the theme “Empowering the Future”, GT Radial highlighted its role as a trusted tire brand that supports the mobility of millions of drivers in Indonesia and beyond.

The spotlight of the exhibition was the introduction of two new tire patterns. The GT Radial Champiro GTX PRO 2, arriving in Q4 2025, is designed for city cars and sporty daily drivers. Its directional tread pattern enhances traction on wet roads while maintaining comfort and fuel efficiency. Meanwhile, the GT Radial Champiro ULTIMATE, available in Q1 2026, targets premium sedans and performance vehicles. With advanced engineering for

high-speed stability, precise steering, and quiet performance, it represents GT Radial's push into the ultra-high-performance segment.

At the booth in Pre-function Hall 5–6, visitors enjoyed interactive experiences such as the VR GTRace Virtual Racing Challenge, exclusive promotions, and daily prizes. The event underscored GT Radial's commitment to innovation, quality, and driving confidence, reinforcing its position as a tire brand built to empower the future of mobility.

GT RADIAL SHINES AT INDONESIAN DRIFT SERIES ROUND 3 IN YOGYAKARTA

The Indonesian Drift Series (IDS) Round 3 delivered an electrifying spectacle on August 2–3, 2025, at Mandala Krida Stadium, Yogyakarta. Bringing together the nation's top drifters, the competition thrilled the audience with adrenaline-fueled battles and impressive maneuvers that highlighted the rising standard of motorsport in Indonesia.

GT Radial celebrated a remarkable achievement with Rofbell securing 1st place in the Pro 2 class, driving on GT Radial Champiro SX2 tires. The win underscored the tire's proven ability to deliver outstanding grip, stability, and maximum performance under the intense demands of competitive drifting.

Beyond victories on the track, GT Radial's involvement in IDS reflects a deeper commitment to supporting the growth of Indonesian motorsport. By actively engaging in high-profile competitions, the brand not only strengthens awareness among automotive enthusiasts but also demonstrates the real-world quality and reliability of its products.

With this success, GT Radial reaffirms its dedication to fostering the next generation of motorsport talent and inspiring greater appreciation for drifting as a sport. The strong performance at IDS Round 3 stands as both a milestone achievement and a motivation to continue driving excellence in Indonesia's automotive scene.

GT RADIAL SUPPORTS CALSIC RED & WHITE INDEPENDENCE CONVOY IN BSD

Calya Sibra Club (CALSIC) marked Independence Day with the Red and White Convoy, held on August 15, 2025, in BSD, Serpong. The event gathered members from different regions who joined the spirited celebration with red-and-white themed vehicles, creating a festive parade that showcased both unity and enthusiasm.

The convoy was enriched with meaningful activities, including an environmental care initiative titled "Caring for and Protecting the Earth." This action reflected the community's dedication to environmental preservation and highlighted the importance of responsible driving culture. The celebration was further enlivened by traditional August 17 competitions, bringing excitement and joy to participants of all ages in a warm, communal setting.

GT Radial proudly supported the event as part of its continuous effort to engage with automotive communities across Indonesia. By joining hands with CALSIC, GT Radial not only strengthens brand awareness but also demonstrates its commitment to fostering positive values and sustainable practices within the automotive scene.

The success of this event underscored the strong bond between GT Radial and the community, while reinforcing the spirit of independence, togetherness, and care for the environment.

GT RADIAL SUPPORTS THE 10TH ANNIVERSARY OF FORTUNER INDONESIA CHAPTER BANDUNG

Bandung became the stage for a memorable celebration on August 23, 2025, as the Fortuner Indonesia Chapter Bandung (ID42NER) marked its 10th Anniversary at Auto 2000 Suci. This milestone highlighted a decade of togetherness, activity, and enthusiasm from a community well-known for its strong solidarity and passion for automotive culture.

The anniversary program was filled with dynamic activities, including a Fun and City Rally that combined the excitement of driving with interactive challenges designed to foster camaraderie among members and their families. The festivities culminated in a memorable peak night celebration, providing a platform for members to strengthen bonds of brotherhood while

honoring the achievements of a community that has grown steadily for ten years.

GT Radial proudly supported the anniversary as part of its ongoing commitment to Indonesia's automotive communities. This support not only enhances GT Radial's brand awareness among Fortuner enthusiasts but also reflects its dedication to building long-term relationships with passionate communities across the nation.

The 10th Anniversary of ID42NER Bandung stands as both a tribute to a decade of unity and a reminder of how community and brand partnerships can drive the spirit of automotive culture forward.

GT RADIAL ACHIEVES DOUBLE VICTORY AT NATIONAL DRIFT CHALLENGE ROUND 2

The National Drift Challenge Round 2 delivered an exhilarating weekend on August 23–24, 2025, at Sentul Otopark. The competition brought together Indonesia's best drifters, filling the arena with high-speed maneuvers, precision driving, and fierce battles for the podium.

GT Radial proudly celebrated an outstanding achievement as Roffbel claimed 1st place in the Pro 2 class, while Kingston secured 1st place in the Pro class. Both drivers showcased exceptional skill and consistency on the track, powered by the GT Radial Champiro SX2 tires. The victories reinforced the SX2's reputation for delivering excellent grip, stability, and performance under the extreme demands of professional drifting.

Beyond these wins, GT Radial's presence at the event underlined its ongoing commitment to supporting national motorsport. By actively engaging in competitive platforms like the Drift Challenge, GT Radial not only demonstrates the real-world reliability of its products but also strengthens its bond with the automotive community.

This double podium success stands as a milestone that inspires GT Radial to continue empowering Indonesian motorsports while further elevating brand awareness in the automotive world.
