AUTOKHANA SLALOM SERIES 5 – FINAL ROUND 2025

The Autokhana Slalom Series 5, serving as the final round of the 2025 season, was successfully held at Arcamanik, Bandung, on November 8, 2025. As the decisive event for the national championship, the competition featured highly technical courses demanding precision and speed. Throughout the event, competitors relied on the performance of GT Radial SX2 and GTX Pro tires, which delivered optimal grip and stability on the challenging slalom layout.

Intense competition continued until the final runs, with GT Radial drivers from Toyota Gazoo Racing Indonesia (TGRI) delivering outstanding performances. Anjasara Wahyu claimed both the National Champion titles in Group A and Group F, while Toyota Gazoo Racing Indonesia secured the National Team

Championships for Group A and Group F. In other categories, Alinka Hardianti earned the National Women's Championship, and the National Tandem Championship was won by Anjasara Wahyu & Andrianza Yunial, all showcasing consistent performance on GT Radial SX2 and GTX Pro tires throughout the season.

The success of the final round highlights the significant role of GT Radial in the championship. Through the use of GT Radial SX2 and GTX Pro tires, GT Radial contributed directly to enhancing competition quality and supporting the growth of Autokhana Slalom motorsport in Indonesia, while further strengthening GT Radial's brand awareness in the national motorsport scene.

GT RADIAL SHINES AT D1GP THAILAND 2025 AT IMPACT LAKESIDE

The D1 Grand Prix Thailand, held on November 7–8, 2025, at Impact Lakeside, Thailand, successfully delivered world-class drifting action. The competition featured intense head-to-head battles among top drifters, showcasing extreme maneuvers, aggressive drift angles, and high precision. On a track that demanded maximum performance, GT Radial SX-R tires played a crucial role in supporting traction, control, and overall vehicle consistency throughout the event.

At this event, GT Radial driver Allen Yong achieved an impressive result by securing second place on the podium at D1GP Thailand 2025. Allen demonstrated competitive and consistent performance against strong contenders from various countries, relying on the confidence provided by GT Radial SX-R tires,

which delivered optimal grip and stability during high-speed drifting. This achievement further proves Allen Yong's capability to compete at the international drifting level.

As a closing note, GT Radial proudly supported the D1 Grand Prix Thailand 2025 as part of its ongoing commitment to the motorsport world. Through the use of GT Radial SX-R tires, GT Radial actively contributed to enhancing driver performance and the overall quality of international drifting competitions. This support also strengthens GT Radial's brand awareness on the global motorsport stage, particularly within the rapidly growing drifting discipline.

DAIHATSU KUMPUL SAHABAT SLEMAN 2025 WITH GT RADIAL STRENGTHENS COMMUNITY BONDS

The Daihatsu Kumpul Sahabat Sleman 2025 with GT Radial event was successfully held on November 9, 2025, bringing together Daihatsu communities from across Sleman. The event served as a gathering platform that fostered togetherness through various community activities, entertainment, and exhibitions involving Daihatsu vehicle owners and enthusiasts. This occasion played an important role in strengthening relationships within the community while bringing brands closer to their customers.

At Daihatsu Kumpul Sahabat Sleman 2025, GT Radial actively participated as part of the event program, demonstrating its commitment to supporting automotive community activities.

In addition, the event was enlivened by numerous local MSMEs, featuring culinary offerings and creative products showcased in the bazaar area. The involvement of local MSMEs added value to the event and highlighted its contribution to supporting the local economy.

As a closing note, GT Radial proudly supported Daihatsu Kumpul Sahabat Sleman 2025 as part of its ongoing commitment to the automotive community. This support reflects GT Radial's efforts to strengthen engagement with vehicle user communities and to further enhance GT Radial's brand awareness within the Daihatsu community, which continues to grow and remain active across various regions.

KOPDARGAB TEAM HOLY BAN PASANGKAYU STRENGTHENS COMMUNITY SYNERGY

The Holy Ban Pasangkayu automotive community successfully held the Kopdargab Team event, featuring a combination of coaching clinic sessions and a riding convoy. The event served as a gathering platform for automotive communities across Pasangkayu and surrounding areas, while also providing a space to share knowledge and promote safe and responsible riding. The presence of GT Radial added value to the event as a brand that actively supports and cares about automotive community activities.

During the Kopdargab Team Holy Ban Pasangkayu event, GT Radial participated as an integral part of the program, supporting an atmosphere of togetherness and education for all participants.

Through the coaching clinic and convoy activities, participants not only enjoyed the sense of camaraderie but also gained

valuable insights into the importance of riding safety and vehicle performance. GT Radial's participation reflects the brand's commitment to supporting positive initiatives that strengthen solidarity within the automotive community.

GT Radial proudly supported the Kopdargab Team Holy Ban Pasangkayu as part of its ongoing efforts to build strong relationships with automotive communities. This support aligns with GT Radial's commitment to fostering community development while enhancing GT Radial's brand awareness within the automotive community, particularly in the Pasangkayu region and across Sulawesi.

BANDUNG LAUTAN CRETA 2025 BRINGS TOGETHER THE CRETA.ID COMMUNITY

The Indonesia Creta Owners Club (CRETA.ID) successfully held a national touring event titled Bandung Lautan Creta on November 22–23, 2025, in Bandung, West Java. The event brought together approximately 100 participants with 50 Hyundai Creta vehicles from various CRETA.ID chapters across Indonesia. As the closing touring event of 2025, Bandung Lautan Creta carried a theme of togetherness, culture, and heritage, with GT Radial supporting the event as a brand actively engaged with the automotive community.

Over the two-day event, CRETA.ID members took part in a series of activities, including a convoy to Bandung, a cultural visit to Saung Angklung Udjo, a heritage city tour, and a gala dinner themed “Thank You, Heroes”, which also featured charity

activities. The presence of GT Radial at the Bandung Lautan Creta event contributed to the overall comfort and enthusiasm of participants, while strengthening the synergy between an automotive brand and its user community.

As a closing note, GT Radial proudly supported the CRETA.ID Bandung Lautan Creta 2025 event as part of its ongoing commitment to the growth of automotive communities in Indonesia. This support reflects GT Radial's efforts to enhance brand awareness within the community, while building long-term relationships through touring, gatherings, and positive activities that strengthen solidarity among CRETA.ID members.

FROM PASSION TO THE PODIUM WITH GT RADIAL

The Passion Drift Challenge National Championship Final Round was successfully held at Sentul, Bogor, on November 21–23, 2025, carrying the theme “Beyond the Final Round – A New Journey Awaits.” This theme represents the culmination of the drifters’ journey throughout the season, while also marking the beginning of new challenges in Indonesia’s drifting scene. The final round served as the ultimate proving ground for the nation’s top drivers to demonstrate their skills, consistency, and championship mindset on the track.

Throughout the event, high-adrenaline drifting action unfolded through intense battles that demanded precision, speed, and maximum vehicle control. One of the main highlights came from the Pro 2 class, where Rofbell secured 1st place on the podium

with a dominant performance. This achievement was strongly supported by the use of GT Radial SX2 tires, which proved their capability in delivering optimal grip, stability, and durability under extreme drifting conditions.

“GT Radial is one of the best tire brands that has helped several drivers achieve championship titles, including Rofbell, who claimed 1st place in the Pro 2 class using GT Radial SX2 tires,” said a GT Radial representative. GT Radial proudly provided support for the Passion Drift Challenge Final Round as part of its commitment to advancing Indonesian motorsport and strengthening GT Radial’s brand awareness within the national drifting community.

TERMINAL 3 AUTO MODIFICATION: A PREMIUM AUTOMOTIVE SHOWCASE AT SOEKARNO-HATTA INTERNATIONAL AIRPORT

The Terminal 3 Auto Modification event was successfully held at Soekarno-Hatta International Airport, specifically at Terminal 3, on November 29, 2025. This event served as a unique platform for automotive enthusiasts and modification communities to showcase their finest builds in an iconic and unconventional venue. A wide range of modified cars with diverse concepts were on display, attracting both airport visitors and automotive fans.

In addition to the modification exhibition, the event also carried a strong motorsport atmosphere through drifting activities and high-performance vehicle displays. Several of the showcased cars were equipped with GT Radial tires, including the SX2 and SX-R series, which are well-known for their strong grip, stability,

and performance-oriented design. The presence of GT Radial tires further enhanced the performance image and overall appeal of the displayed vehicles.

“GT Radial is one of the best tire brands used on several display cars at Terminal 3 Auto Modification, including the SX2 and SX-R tires that support both performance and vehicle aesthetics,” said a GT Radial representative. GT Radial proudly provided support for the Terminal 3 Auto Modification event as part of its commitment to strengthening GT Radial’s brand awareness within Indonesia’s automotive and modification communities.
