GELORA BANJAR PATROMAN

## **THE 3RD NATIONAL JAMBOREE CELEBRATED IN DIENG WITH GT RADIAL**

The White Car Community (WCC) successfully hosted its 3rd National Jamboree, bringing together hundreds of members from various chapters across Indonesia. Taking place at Hotel Horison Resort Dieng, the event became a true celebration of unity, friendship, and the enduring passion of the white car enthusiast community.

This year's jamboree offered a vibrant mix of activities — from a spirited convoy to the venue, warm inter- chapter greetings, fun games, and insightful automotive sharing sessions, to a lively evening gathering. Participants also had the opportunity to explore the breathtaking natural beauty of Dieng, making the experience both enjoyable and memorable for individuals and families alike.

The event was proudly supported by GT Radial, one of Indonesia's leading tire manufacturers. As part of its commitment to fostering strong bonds with automotive communities, GT Radial played an active role in the success of this national gathering.

GT Radial's presence reflects its continuous effort to strengthen brand awareness among everyday car users within active enthusiast groups. Trust in high-quality local products, combined with meaningful community engagement, remains a key strategy for GT Radial in growing alongside loyal and passionate consumers.

## CALSIC REGIONAL EAST JAVA HOLDS 'GREEN DRIVE' PROGRAM: PLANTING TREES TO SAVE THE EARTH

In the spirit of environmental awareness, Calsic Regional East Java held a meaningful program titled "Green Drive – Tree Planting" on July 13, 2025, at Coban Talun, Batu City, East Java. This initiative was part of the larger PESTAPORA 2025 event, which combined a regional anniversary celebration with a traditional sports week involving all Calsic chapters across East Java.

The tree planting activity was not merely symbolic, but a tangible expression of Calsic (Calya Sibra Club)'s commitment to protecting and restoring the environment. Carrying the theme "Let's Save Our Earth", participants including community

members and their families planted dozens of tree saplings as a contribution to environmental sustainability.

Through this program, Calsic Regional East Java aims to plant new hope for future generations, repair damaged ecosystems, and breathe fresh life into our planet. The message carried by this initiative is powerful and clear: "Together, we can create a change in the Earth's ecosystem."

As a brand that values both sustainability and community, GT Radial proudly supported the event. This participation reflects GT Radial's ongoing effort to strengthen brand awareness among vehicle users within enthusiast communities, while promoting collaboration in driving positive environmental change.

## **GT RADIAL SUPPORTS THE EXCITEMENT OF SUBARU BRZ SUPER SERIES ROUND 3-6 AT MANDALIKA CIRCUIT**

The Subaru BRZ Super Series once again ignited the Indonesian motorsport scene with Round 3 & 4 held on July 18–20, 2025, followed by Round 5 & 6 on July 25–27, 2025, at the Mandalika International Circuit, West Nusa Tenggara. As one of the most anticipated events in the national racing calendar, the competition brought together the best Subaru BRZ racers in a battle of speed, skill, and strategy.

Over two consecutive weekends, the four rounds successfully attracted strong attention from the automotive community and racing enthusiasts nationwide. Hundreds of visitors filled the stands each weekend, creating a lively and enthusiastic atmosphere.

One spectator noted, "This event is always full of excitement and draws so many visitors," highlighting the high level of public enthusiasm for the series.

Beyond motorsport entertainment, the Subaru BRZ Super Series also plays an important role as a platform for young drivers to showcase their talents and for the automotive industry to demonstrate product capabilities on a professional circuit.

GT Radial proudly supported the successful organization of the Subaru BRZ Super Series as part of its sustainable commitment to advancing Indonesia's automotive and motorsport industries.

This participation not only demonstrates GT Radial's dedication to motorsport development but also reinforces its brand strength. By directly testing products on an internationally recognized race track, GT Radial proves the quality, durability, and performance of its tires under the most demanding conditions.

## GT RADIAL JOINS HISTORIC ITCR DEBUT AT MANDALIKA CIRCUIT

The prestigious Indonesia Touring Car Race (ITCR) made history by holding its first-ever race at the Mandalika International Circuit on July 19–20, 2025. This milestone event marked the beginning of a new chapter in national motorsport, featuring the ITCR 1200, 1500, and 3600 classes. With high competition and thrilling action, the inaugural ITCR Mandalika successfully captured the attention of racing enthusiasts and the automotive community across the country.

In this historic moment, GT Radial proudly served as the official tire of the championship, reinforcing its position as Indonesia's trusted tire brand with proven performance, high quality, and a strong reputation in global export markets.

The recognition reflects GT Radial's dedication not only to technical excellence but also to long-term engagement with the motorsport scene.

GT Radial's involvement goes beyond motorsport sponsorship — it demonstrates the brand's strategic effort to strengthen its positioning among performance-driven consumers while inspiring confidence in Indonesian-made products on the world stage. By supporting the ITCR National Championship at Mandalika, GT Radial continues its commitment to driving innovation, building brand awareness, and contributing to the sustainable growth of Indonesia's automotive industry.

## **GT RADIAL SUPPORTS ROUND 2 OF THE NATIONAL SLALOM CHAMPIONSHIP AT GELORA BANJAR PATROMAN**

The second round of the National Autokhana Slalom Championship (Kejurnas Slalom) took place on July 19, 2025, at Gelora Banjar Patroman, West Java, bringing excitement to the motorsport community. The event once again gathered top slalom drivers from across the country, showcasing their skill in precision driving, speed, and technical maneuvering.

The competition drew strong enthusiasm from participants and spectators alike, filling the venue with energy and anticipation. Fans were treated to a series of intense and entertaining runs, with one spectator noting, "Each round always delivers thrilling and entertaining action." The event highlighted how slalom racing continues to gain traction among motorsport fans in Indonesia.

As part of its ongoing commitment to motorsport development, GT Radial proudly supported Round 2 of the National Slalom Championship. Beyond brand visibility, this involvement reflects GT Radial's dedication to the growth of grassroots racing, providing a platform for talented drivers to sharpen their skills.

At the same time, slalom racing serves as a real-world stage for demonstrating tire performance under demanding conditions. By supporting this championship, GT Radial continues to strengthen its connection with the automotive community while reaffirming its position as Indonesia's trusted tire brand with proven quality recognized at home and abroad.
