GT RADIAL SUPPORTS CALYA SIGRA IFTAR ON THE ROAD

Calya Sigra Club (CALSIC) recently organized a heartwarming event called "CALSIC Iftar On The Road for Marginalized Communities." The primary goal of this initiative was to educate the children from underprivileged backgrounds about the importance of giving and nurturing a mindset of sharing. By instilling these values at a young age, CALSIC aims to encourage these children to grow up to be generous and empathetic individuals.

Throughout the event, CALSIC members took to the streets to distribute iftar meals to those in need, fostering a sense of community and togetherness. GT Radial also extended its support to CALSIC for this meaningful activity, further strengthening its ties with the community. The event was made even more memorable with the inclusion of donations, prayers, and a communal iftar meal, bringing everyone together in the spirit of sharing and compassion.
