JULIAN JOHAN'S 'SERIGALA MILITIA' FJ40 REVIEWED BY VALENTINO RATULANGI

GT Radial ambassadors, Valentino Ratulangi and Julian Johan (Jeje) met to do a content review on Jeje's favorite Off Road vehicle named Serigala Militia. Jeje explained the beginning of his love for the world of Off Road which came from his father who used to invite Jeje to watch Off Road shows. Jeje explained that his Serigala Militia was a hardtop car that was transformed to become a tubular car.

This video contains interesting topics and information about the world of Off Road, one of which includes on why fire extinguisher must be placed in between the driver and passenger seats.

In addition, Jeje also entrusted his beloved vehicle tires, Serigala Militia, to use GT Radial Savero Komodo Extreme 35x10.5 . According to Jeje, GT Radial tires are produced with the highest standards of quality, value and performance.

Jeje also added that users who drives light off road vehicles for jobs such as gardening or mining said that GT Radial Savero M/T tires is the best tire choice.

This video was uploaded via Otto Ban Indonesia's Youtube channel and successfully got a very positive response from the audience.
