**GT RADIAL SUPPORTS THE 7TH CALSIC ANNIVERSARY 2023 EVENT**

## **GT RADIAL CELEBRATES DOUBLE VICTORY IN 5TH ROUND OF MLDSPOT AUTOKHANA**

### **Unparalleled Success at Purwokerto Circuit**

The 5th Round of the MLDSPOT Autokhana Slalom National Championship unfolded at the GOR Satria Purwokerto Circuit, where the rough and bumpy asphalt presented a thrilling challenge to competitors. Despite these rigorous conditions, GT Radial's Champiro SX2 and GTX Pro tires demonstrated unparalleled performance, navigating the demanding terrain with precision and stability.

### **A Double Triumph with GT Radial**

Anjasara Wahyu, one of Toyota Gazoo Racing Indonesia's (TGR) eminent racers, clinched two championship titles, showcasing GT Radial's tire excellence. In Class A, Anjasara secured the

fastest time, outpacing Dafa Kurnia Son, and further triumphed in the Class F National Championship, also recognized as the modified class.

### **GT Radial Tires: A Testament to Endurance and Control**

The Champiro SX2 and GTX Pro tires not only conquered the challenges posed by the circuit but also underscored GT Radial's commitment to delivering high-performance, reliable tires. Their exemplary traction and control amid the demanding conditions of the GOR Satria Purwokerto Circuit became a testament to their caliber, ensuring optimal performance and safety for the participants.

## **TGRI TRIUMPHS WITH GT RADIAL'S CHAMPIRO SX-R TIRES AT ISSOM ROUND 4**

### **A Win at Sentul Bogor Circuit**

Toyota Gazoo Racing Indonesia (TGRI) celebrated a significant victory at the Sentul Bogor Circuit on Sunday, September 17, 2023. TGRI racer Haridarma Manoppo clinched the top spot in the Indonesia Touring Car Race (ITCR) Max 1600 category, navigating the track with finesse in his New Yaris GR Sport, equipped with GT Radial's robust Champiro SX-R tires.

### **Champiro SX-R: Track Dominance**

Despite facing a challenging start, Haridarma and the New Yaris GR Sport, complemented by the formidable Champiro SX-R tires, demonstrated remarkable performance, securing a win in the race.

The tire's performance was pivotal, ensuring a well-deserved victory in the ITCR Max 1600 National Championship, showcasing that the synergy of skillful racing and top-quality tire technology can overcome race-day challenges and secure triumphant results.

## **GT RADIAL CHAMPIONS ENVIRONMENTAL SUSTAINABILITY WITH THE TOYOTA SIX COMMUNITY IN THE GO GREEN CAMPAIGN**

### **Event Overview**

Held at Auto2000 Dramaga, Bogor, West Java, this event saw participation from the Toyota Owners Club, encompassing six communities, all converging to undertake emissions tests and collective servicing. This assembly, themed the Six Communities Go Green Campaign, was not just a nod towards automotive maintenance but an exemplification of a community that prioritizes environmental stewardship. The agenda also included a talk show spotlighting safe and eco-driving practices.

### **Addressing Air Pollution**

The escalating air quality index in Jakarta serves as a catalyst for

such initiatives. The event aimed to educate attendees about air pollution, primarily emanating from vehicles with incomplete combustion, subsequently contributing to increased exhaust emission levels.

### **GT Radial's Commitment to Environmental Care**

Sponsored by GT Radial and orchestrated by six communities - Toyota Sienta Community Indonesia (TOSCA), Toyota Calya Community Indonesia (KTCI), TEVCI (Toyota Etios Valco Club Indonesia), TYCI (Toyota Yaris Club Indonesia), Velocity (Veloz Community), and GCC (Great Corolla Club) - the event endeavors to cast a positive ripple effect towards mitigating air pollution, shedding light on characteristics of healthy vehicle exhaust emissions. Additional activities included planting productive trees at the venue and GT Radial merchandise distribution to community representatives.

## **GT RADIAL: ACCELERATING VICTORIES AT THE 2023 INDONESIA DRIFT PRIX CHAMPIONSHIP**

### **Highlighting the Event**

The screech of tires and adrenaline rush enveloped the Edutown Arena BSD, Tangerang, Banten on 29-30 September 2023, as the first round of the DRIFT PRIX Championship powered through.

GT Radial, a towering national tire brand in Indonesia, didn't just participate but imprinted its mark at the Indonesia Drift Prix Championship Series 1, bringing zest and vibrancy to the drifting arena. Our drifters, including Billy Anjewa and Rendy Hibbrizi from the GT Radial team and GT drifters from VRS78, fortified our presence across various classes.

## The Thrill and Triumph

Organized by the Indonesia Drift Federation (IDF) and supervised by IMI Banten, the event spanned across three competitive classes: Novice, Pro 2 (Rookie), and Pro 1. It was a moment of triumph for GT Radial, as drifter Naufal Rafif Busro, wielding the formidable GT Radial Champiro SX2, clinched the championship in the PRO-1 class, conquering his rival Umbu Gilberth. In the PRO-2 class, Alvito Hardianto surged to victory, outperforming rivals Raphael Ananda and Aldy Bosar, who secured the 2nd and 3rd podium positions respectively.

Adding to the triumph, Ayuni from GT Radial showcased an impressive performance, securing victories in both the Novice and Ladies categories, all while utilizing the Champiro SX2 tires. Her skillful and strategic driving, backed by the reliable performance of the Champiro SX2 tires, demonstrated the superior quality and competitive edge of GT Radial products, further solidifying the brand's reputation in the motorsport arena.

**GT Radial's Unwavering Commitment to Motorsports**

GT Radial's commitment isn't just towards producing high-caliber tires but also towards nurturing talent and facilitating a platform where they can demonstrate their prowess. Our participation and the victories at the Championship underscore our dedication to fostering a vibrant motorsport culture in Indonesia. These events serve as a testament to the unparalleled performance and reliability of GT Radial tires, proving that when it comes to quality and performance, we are a force to be reckoned with in the racing world.

## **GT RADIAL SUPPORTS THE 7TH CALSIC ANNIVERSARY 2023 EVENT**

### **Planting 1000 Tree Seedlings**

The 7th Anniversary celebration of CALSIC Indonesia, coupled with the Anniversary of 8 CHAPTER and REGIONAL JATENG, unfolded seamlessly on Saturday, 23 September 2023, at the Widuri Circuit, Pemalang, Central Java. This event integrated the participation of various regional governments, Department of Youth and Sports, the Environmental Agency, local sub-district residents, and the Indonesian Red Cross, all collaboratively engaging in the planting of 1000 tree seedlings. Additionally, the event hosted economic booths from official MSMEs, car meet-ups, and a blood donation drive for orphans. GT Radial was honored to lend its support to CALSIC Indonesia on its commendable 7th Anniversary.

## **Togetherness of the Environmental Care Community**

The National Automotive Community Calya Sibra Club (Calsic) is a car community from Indonesia that pays attention to the surrounding environment. As a real form of concern, they planted hundreds of trees in the Widuri Circuit area of Pemalang, Central Java. Apart from planting trees, the National Calya Sibra Club community also carries out a series of other social activities, such as providing donations to orphan children and planting trees around Widuri Beach. After the event was held, merchandise from GT Radial was handed over and representatives of the participants took photos together.
